

THE EXTRA POINT

BY JERRY ROBERTS

675 Live2Lead Speaker Steve Harvey says...

He's a comedian and loved by audiences the world over for his fun personality in front of the camera. We're talking about Steve Harvey, one of this year's speakers along with John Maxwell, on the 2020 Live2Lead event. I'm Jerry Roberts and today, we'll talk about another side to Steve Harvey, next, on The Extra Point.

Steve Harvey is a comedian, author and a host for multiple TV shows. He's also an entrepreneur with several business interests, and has come a long way from being homeless and living in his car for a number of years.

You'll see him on stage with John Maxwell during the upcoming Live2Lead program. Here's a sample of the wisdom he'll share. I'll add a couple of comments along the way.

1. Steve Harvey said: *"If you want to be successful, you have to jump. When you jump, I can assure you that your parachute will not open right away. But if you do not jump, your parachute will never open. If you're safe, you'll never soar!"* Yes, success requires a certain degree of risk. Without it, there can't be much reward, either.

2. *"A person has to remember that the road to success is always under construction."* And, when you've had success and then raise your game, wanting to rise to a new level, that road will be under construction, too. It never changes.

3. *"Your career is what you're paid for. Your calling is what you're made for."* May we all, may we all one day find out what our true calling is. Do you know what yours is?

4. It's the wisdom of Steve Harvey. He said: *"The dream is free, but the hustle is sold separately."* Just 10 words but there is so much power attached to that statement. Without the hustle, the dream never comes true.

5. He also said: *"Your gift is something that*

you can do innately better than anything else." Think about this for just a second. You do you better than anyone else could ever do you. Whatever God-given gift you've got, you do it like nobody can do it.

6. *"You can't go forward and backwards at the same time."* This one teaches us that if we're focused on past events we cannot change, then we won't be able to move ahead. Let the past be in the past, and keep our attention on who we can be in the future.

7. *"The number one cause of failure in this country is the fear of failure."* For the most part, our lack of success is not about something we messed up. It's that we allow fear to hold us back from even trying.

8. More from Steve Harvey on fear: *"Your setback is just a setup for a comeback."* Failure paralyzes some folks. It changes how they view themselves. It's an obstacle. Learn from it, and get set to use it as a springboard toward success.

9. One more on the topic, he asks a simple question: *"What would you do if you weren't afraid?"* If you had a guarantee that you would not suffer from fear, what would you do?

10. *"If you are waking up with the sensation that there has got to be more in life...then there is."* Have you felt that you can do more and be more? Steve Harvey would tell you — you can! See Steve, paired up with John Maxwell, for a special session during the 2020 Live2Lead.
